

GEC Credit Recovery Policy SY 2024-25

The Goodwill Excel Center (GEC) does not offer credit recovery classes. As a competency-based school, GEC's academic terms are eight weeks each. Therefore, students can earn credits every eight weeks and student schedules are created on an individualized and need-based process. If a student enrolls with partial credits or does pass a specific class, the Registrar with the support of the Academic Success Coach will determine the students' schedule for the next term to ensure the student continues on their graduation plan. A student's graduation plan is subject to change term by term based on the students' course outcomes.
